

# Camden Sunrooms

## Styled for Living.....

*A Camden Sunroom is a cost effective way to add space, comfort and luxury to your home. A sunroom allows you to bring the outdoors inside with uninterrupted outlooks; it is a place where you can enjoy all year around.*

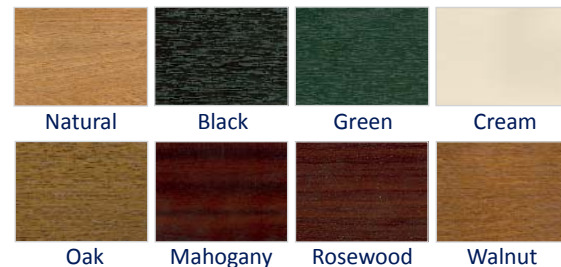

Adding genuine floor space to your home, Sunrooms are known for their heat retention during Winter and their protection from the sun in Summer. A bespoke Sunroom is a versatile addition to your home and can be put to a variety of uses such as:

- ✓ Bright and practical living space
- ✓ Relaxing Family room or Den
- ✓ Spacious Dining area
- ✓ Inspiring study
- ✓ Lofty Reception hall

Constructed using materials similar to your home, a Sunroom can blend easily with its surroundings or make a statement in its own right. Our range of custom made Sunrooms offer you complete design freedom. Available in any size and in a range of appealing designs.

You can choose from a range of popular colours including white and 8 woodgrain-effect colours: Natural, Walnut, Black, Green, Cream, Oak, Mahogany and Rosewood, allowing you to complement the characteristics of your home perfectly.

### Additional Features:

- High performance glazing options available
- High quality PVC windows and doors to match
- "Secured by Design" high-security locking systems\*

\*optional extra

# Camden Sunrooms

*A Camden Sunroom is an easy and efficient way to add space when building a new house or extending your home. An extra room, adding real value to your property and ensuring comfort all year around.....*
